

## ECOCLEAN PRO

Ecological cleaner, designed with biodegradable and environmentally friendly ingredients. Especially suitable for cleaning difficult and persistent dirt. Its formulation makes it an ideal product for Microcemento cleaning.

### Properties

---

- Ecological.
- Biodegradable.
- Highly effective with difficult and persistent dirt.

### Technical data

---

- Nature: Organic and inorganic tensoactives and other additives
- Appearance: transparent liquid
- Colour: yellow
- pH: 10.5-11.5
- Density: 1,015 ± 0,005 g/mL

### Application

---

Spray the product directly on the surface to be treated, letting it act for a few seconds. Then wipe and rinse.

Important: before applying Ecoclean PRO, wait at least two weeks after applying the varnish Topsealer WT One Coat, Topsealer WT Quick Dry or Topsealer DSV, to ensure its correct curing and thus avoid damaging it.

### Special precautions

---

If the product comes into contact with eyes, wash with plenty of water for 15 minutes. In the event of contact with skin, wash with soap and water. Do not ingest. If swallowed, do not induce vomiting and seek medical assistance immediately.

It is recommended to comply with the following measures:

- Good ventilation.
- Safety glasses.
- Rubber gloves.

Empty containers must be disposed of in accordance with current local regulations.

To prevent the product from drying or thickening, close the lid after each use.

This product is not toxic, dangerous or flammable under normal conditions of handling. It does not contain any harmful substances that under current regulations call for any additional measures in terms of its labelling.

Keep out of the reach of children.

## Packaging

---

It is available in bottles of 5 litres.

## Storage conditions

---

The product should be stored in its closed original packaging, protected from weather conditions at temperatures between 10°C and 30°C in a dry and well ventilated place, away from direct heat and sunlight. Shelf life is 12 months from the date of production if stored in well-preserved conditions.

The product should not be used for purposes other than those specified without first having instructions in writing. It is always the user's responsibility to take suitable measures in order to comply with the requirements established in local legislation. Product safety sheets are available for professionals. This technical data sheet will be valid until a new edition appears.
